

Important! Please **UPDATE** the keyboard after you install the software.

- ✓ If you have any question about this keyboard, please feel free to contact us via support@redragonshop.com. We will always reply you within 24 hours.

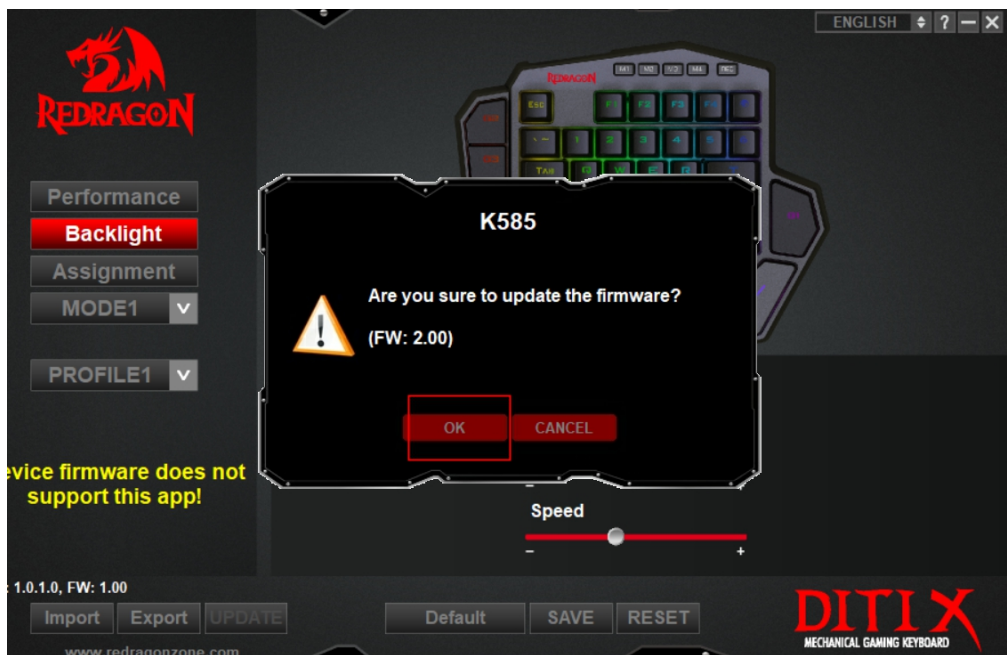

1. Run **Redragon K585 Wireless Keyboard** exe file and install the software

2. Update the keyboard version

3. Click **OK** to start updating

4. Click **Close** when there is 100% updated display. (Then the software is ready to use and the single solid backlit mode is updated too)
