

# Product Features

## Easy Wireless Connection Set Up (EZInstall)

You can easily connect the printer to a wireless network by using the installer on the *Software Pack CD-ROM*.

For more information, see "Configuring Wireless Connection Settings" in the "Printer Connection and Software Installation" section of the User Guide.

## Manual Duplex Print

The duplex print feature allows you to print two or more pages on the front and back sides of a single sheet of paper manually. This feature helps reduce paper consumption.

For more information, see "Manual Duplex Printing" in the "Printing Basics" section of the User Guide.

## Multiple Up Print

The multiple up print feature allows you to print multiple pages on a single sheet of paper. This feature helps reduce paper consumption.

For more information, refer to the Help provided for the print driver.

## Printing Through Wireless Connection (Wireless Print)

The wireless LAN feature on your printer allows you to install the printer at any location, and enables printing without a wired connection to your computer.

For more information, see "Wireless Connection" in the "Printer Connection and Software Installation" section of the User Guide.

## Fuji Xerox Imaging Technology

This printer reproduces smooth lines and gradations by 1200 x 2400 dpi high-resolution LED print heads and Micro Accurate Control Screen (MACS) Technology.

In addition, the color registration of each toner is corrected with ultra high precision through a digital process by Image Registration Control Technology (IReCT).
